

THE ABACUS FURNACE "HEAT PACK"

WHAT IS A "HEAT PACK"?

A "Heat Pack" takes care off all of the most common issues that occur during the cold winter months.

YOUR LICENSED ABACUS HVAC TECHNICIAN WILL:

- ✓ Replace the igniter (which lights the gas burners in your furnace)
- ✓ Clean the thermocouple (which indicates to the furnace the pilot light is lit)
- ✓ Replace the capacitor for the blower motor in the furnace
- ✓ Remove the blower assembly and clean out all of the dirt, dust, mold and mildew that has been collecting all summer

Standard Price:

\$847

Limited Time Price: \$612

You Save:

\$235

Limitations: All work must be approved, purchased and completed on same visit. Limited Time Offer Only (subject to change anytime). Return Visits may require additional service trip charge. Cannot be combined with any other coupons or discounts.
